Beach Clean-up Drive (January 20, 2024) On January 20th, Rizvi College of Education (RCoEd) in association with Help Yourself Foundation, joined forces with Project Mumbai's Jallosh- 22 for a beach clean-up drive at Juhu Beach. Drawing upon a shared commitment to environmental responsibility, RCoEd staff and student of first and second year participated actively in the drive. This collaborative initiative served a dual purpose: addressing pressing environmental concerns and promoting community engagement in the preservation of coastal ecosystems. Beyond mere cleanup activities, participants also actively engaged in raising awareness about the importance of environmental stewardship, emphasizing the collective responsibility we hold in safeguarding our natural resources.
