Environmental Cell - 2022-2023

Mahim Nature Park - On 3rd August, 2022 the environmental cell of Rizvi College of Education organized a Nature trail at Maharashtra Nature Park (Mahim Nature Park). The students of F.Y.B.Ed had reached the venue at 9:00 am and the Nature trail began at 10:00 am in the morning. The guide for the nature trail was Daivat Bandgar. The reason to conduct this nature trail was to provide students with information of the flora and fauna. To inculcate in them the concern for nature, to enable them to preserve the environment and to take care of plants and animals. The guided showed the students teachers the Astral garden that has trees that correspond with the 27 rashis and 27 nakshatras”, the group was explained about different plants and trees and their uses, the importance of rain water harvesting, vermicomposting, etc. The importance of the Mithi creek was explained and how Mithi river has now turned into Mithi creek.
