Dr. Priyanka Pandey
Dr. Gyanprakash Arya

Do whatever it takes to save the earth from
climate change! | **BE A SAVIOR!**

Plastic Collection Drive - Student teachers planned to address the growing environmental issue of plastic pollution. They gathered plastic bottles and thermocol materials from various sources, including households, businesses from public areas. The volunteers sorted and separated the plastics based on their types. This segregation aimed to facilitate proper recycling, reducing the environmental pollution caused by plastic waste.

Collecting of gathering natural materials such as coconut fronds, leaves, and sticks. These materials were carefully collected within the campus and nearby areas. The volunteers recognized the importance of protecting the soil from erosion and promoting healthy plant growth. They utilized the natural materials to cover the soil in designated areas, creating a protective layer that would prevent erosion and provide a conducive environment for plants to thrive. This alternative to synthetic materials aligned with sustainable practices and showcased the volunteers' commitment to environmentally friendly solutions.

Pledge - All the student teachers assembled in St. Joseph Convent High School at 8:00 am in the morning. After reaching school all the student teachers wrote the pledge on chart papers and it was recited by us and the children in the convent campus.

I pledge to make all possible changes in my daily life to protect the environment. I also commit to continuously motivate my family, friends and others about the importance of environmentally friendly habits.

Tree Plantation - On Thursday 2023 all the student teachers assembled in St. Joseph Convent High School at 8:00 am in the morning, after the pledge they planted tree saplings. The activity highlighted benefits of tree plantation for the environment, ecosystems, and human well-being.

Poster making competition on the theme ‘Green Solutions to Protect our Planet’ - As a part of mission life programme the students conducted this fun activity with the Community group members, Volunteer, Staff and Nuns at St. Joseph’s Convent High School Bandra West. The participants were asked to draw green planet, anything that shows how important it is to Go Green and Save The Planet, Save Nature, Save Earth. Sr. Venita Fernandes gave a short speech about Our Mother Earth The event was organized by Rizvi B.Ed. Community group students to create awareness on nature's protection and pass on its values to the future generations.

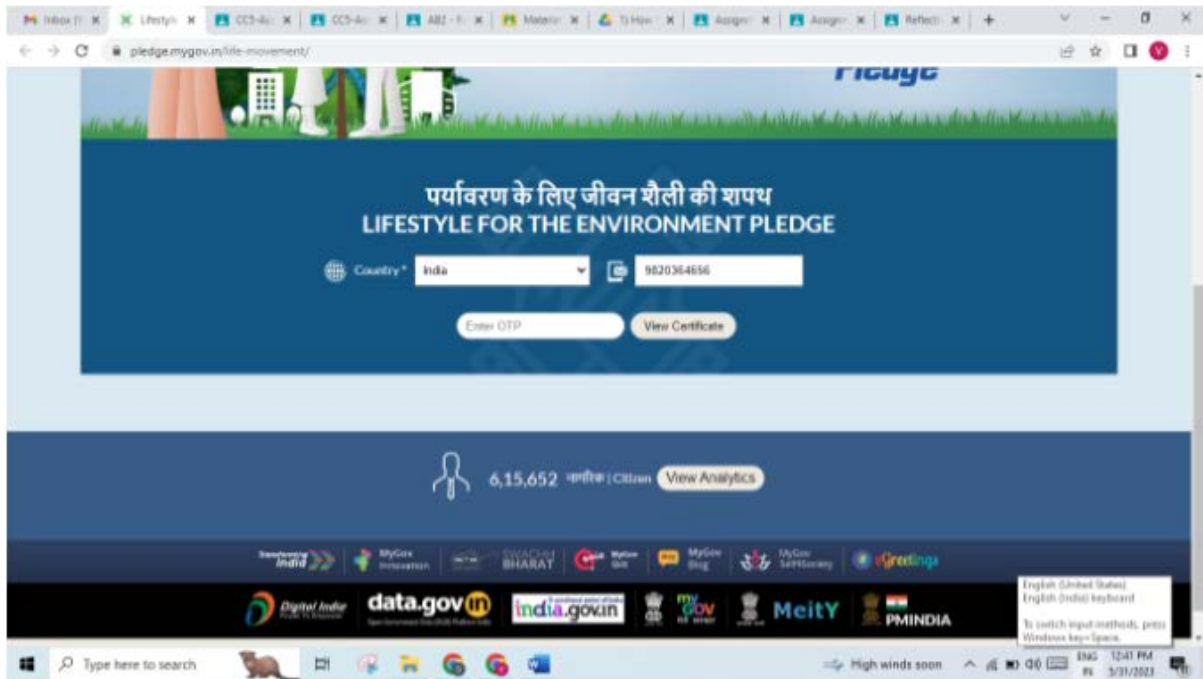

Online Quiz - An online quiz competition on the environment was held on 30th May 2023 by Don Bosco Oratory. Participants from various backgrounds showcased their knowledge and awareness about environmental issues. The quiz covered topics such as climate change, biodiversity, pollution, renewable energy, and sustainable practices. The event successfully engaged participants in an intellectually stimulating activity, fostering environmental consciousness and promoting learning. The competition's online format ensured widespread participation, making it accessible to a larger audience. Overall, the quiz competition served as an effective platform to raise awareness and encourage action towards environmental conservation.

These activities were uploaded on the govt website of mission life and students received digital certificates for the same.
