## ABOUT RIZVI COLLEGE OF EDUCATION

**Rizvi College of Education** started in 2003 under the aegis of Rizvi Education Society. In a span of fifteen successful years, it has made a remarkable name in the educational fraternity. It has emerged as a premier institute offering B.Ed. Course and various add-on courses, creating teachers equipped with the latest trends and technologies in education. It provides dynamic training programs that empower teachers to meet the challenges in the ever changing global scenario. The credit for the success of this institute rests with its President – Dr. A. H. Rizvi, whose vision and endeavour to make a difference in the society led to the establishment and growth of the college. Rizvi College of Education is affiliated to University of Mumbai since 2003 and has been approved by NCTE. Rizvi College of Education is an Un-Aided Muslim Minority English Medium College.

## ABOUT THE COMPETITION

Teachers play a very important role in the lives of students. B.Ed. training equips prospective teachers to develop plethora of skills which enables them to be effective builders of the nation. However mere knowledge of content and pedagogy is not enough. The present era of Education demands that teachers are constantly in search for finding answers to various problems related to students, teachers, pedagogy, society, and education at large. As rightly said by **Albert Szent-Gyorgyi** “To be a researcher calls for one to see what everybody else has seen, and to think what nobody else has thought.”

Teachers are the ones who need to engage in finding solutions to problems. Thus action research forms an integral part of teacher training. However it is highly essential that student teachers be given an exposure to present their research which in turn will give them a platform to share their research journey and its fruits.

This in turn will encourage novice teachers to strive towards improving the educational milieu through the quest for inquiry and will prepare them to be better researchers.

**Rizvi Quest - 2019** is a platform for budding researchers to ponder upon issues that intrigue them, to probe the issues through a scientific lens and finally to promulgate their findings with enthusiasm in the educational field. Thus we invite all student teachers to participate in this intercollegiate competition where they can share their journey of action research embarked upon by them under the able guidance of their mentors.
