Educational Visit to Dilkhush Special School

The Guidance and Counselling Cell of Rizvi College of Education organized an Educational Visit to *Dilkhush Special School* on 11th February 2026 for the student teachers of F.Y.B.Ed. and S.Y.B.Ed. A total of 278 student teachers participated in the visit along with Mrs. Nahida Mandviwala (I/C Principal), Dr. Gyanprakash Arya, Ms. Nazia Farooq (Cell Incharge), and Mrs. Salma Menon.

The visit was conducted as part of the Guidance and Counselling Cell activity integrated with Community Work II and Inclusive Education exposure. The primary objective was to provide future educators with practical understanding and firsthand exposure to inclusive teaching practices, special education strategies, and the educational needs of children with intellectual and developmental disabilities.

During the visit, student teachers were introduced to the institution's mission, vision, and services. They observed classroom teaching sessions where specialized instructional methods, activity-based learning, and individualized attention were effectively implemented. Students also interacted with special educators to understand Individualized Education Plans (IEPs), counselling support, and assessment procedures followed for children with special needs.

A major highlight of the visit was the vocational training section, where students observed children preparing handmade items such as jewellery, crochet work, stitching products, greeting cards, and food items. The exposure highlighted the importance of vocational education in developing life skills, creativity, and self-reliance among children with special needs.

The educational visit proved to be a meaningful and enriching experience for the student teachers. It strengthened their understanding of inclusive education and reinforced values such as empathy, compassion, patience, dignity of labour, and social responsibility, helping them grow as sensitive and committed future educators.
